

Request for Proposals – Final Evaluation

Safe Aqua Farming for Economic and Trade Improvement (SAFETI) Project

Reference #: SAFETI-RFP-22-03-01

Modification #1: 5 April 2022

Section IV. Subpart C. “Timeframe” of SAFETI-RFP-22-03-01 is hereby amended as follows (additions/edits in **bold**):

Phase I – Engagement: Inception meetings are expected to begin on or around June 15 2022. **The Evaluation Team Leader is expected to be in-country for all of Phase I.**

Phase II – Research and Data Collection is scheduled during July-August 2022, during which all of the evaluation team will be mobilized in Bangladesh. The Evaluation Team Leader is expected to be in-country **for (at least) the first 20 working days of Phase II.**

Phase III – Analysis and Reporting is scheduled for September-October 2022. The draft evaluation report should be submitted to Winrock by September 15, 2022. Final comments, management, response, and final report are due to USDA by October 15, 2022. The Evaluation Team can be demobilized but the Evaluation Team Leader will need to remain “on-call” and able to engage the other team members as needed during this phase.

The entire assignment must be completed no later than October 15, 2022.

All other text in the request for proposals remains unchanged and valid. All information related to this request for proposals may be found at: <https://winrock.org/contract/request-for-proposals-safe-aqua-farming-for-economic-and-trade-improvement-safeti-project/>.
