

Friends of Winrock

EXPANDING IMPACT, DEEPENING PARTNERSHIPS

For more than four decades, Winrock International has delivered innovative, evidence-based solutions to some of the world's most complex challenges. With deep roots in Africa, Asia, Latin America, and North America, our work spans the critical intersections of agriculture, water, energy, environment, human rights, education and economic opportunity. Across all our programs, we empower communities, drive sustainable development, and create lasting, measurable change.

MEETING THE MOMENT — TOGETHER

In today's rapidly shifting global landscape, the need for integrated, locally led, and science-informed solutions has never been greater. Winrock is evolving. We are expanding our reach, diversifying our funding base, and forging new cross-sector partnerships that align innovation with impact. We're building on our 40-year legacy to meet today's challenges and tomorrow's opportunities with bold ideas and catalytic action.

WINROCK'S FOUR PILLARS

Agriculture, Resilience and Water: We partner with governments, businesses, local organizations and other stakeholders to advance climate-smart agriculture, strengthen sustainable food and water systems, and enhance the resilience of rural communities.

Energy and Environment: We help protect critical ecosystems, reduce emissions, expand access to clean energy, and promote environmental stewardship and climate adaptation.

Human Rights, Education, and Empowerment: We fight human trafficking, champion safe migration, and expand access to education and economic opportunity for vulnerable populations — especially women, youth, and marginalized groups.

U.S. Programs: In the U.S., we promote inclusive economic growth, support small businesses and entrepreneurs, advance sustainable farming and food systems, and strengthen rural health and economic development systems.

A CALL TO VISIONARY PARTNERS

As we look to the future, Winrock is seeking to engage philanthropists, corporate leaders, and changemakers who share our vision for a more just, sustainable and resilient world.

Through the Friends of Winrock network, partners help us move faster, innovate smarter, and sustain long-term, systems-level solutions that benefit both people and planet.

Your support helps us:

Advance climate resilience, sustainable agriculture, and clean water access in communities facing the greatest risks.

Protect vital ecosystems, promote just energy transitions and support businesses to achieve their net zero and other climate goals through integrated environmental and economic strategies.

Advance human rights by combatting trafficking and child labor, and expanding access to education and safe, dignified livelihoods.

Co-create the next generation of partnerships that integrate corporate responsibility with real-world results.

Your investment ensures that Winrock can remain nimble, responsive, and proactive—leveraging our expertise and global partnerships to meet urgent needs and scale what works.

JOIN US

We invite you to become a Friend of Winrock — a dynamic, global network driving meaningful change at one of the most pivotal times in human history.

Together, we can turn today's challenges into tomorrow's breakthroughs, and build a future where communities everywhere have the tools, knowledge, and support they need to thrive.
